

ADMIRAL DEWEY HAS SURPRISED NATION

OLYMPIA SAILS INTO NEW YORK BAY.

Arrived There This Morning At 7 O'clock, Nearly Sixty hours Ahead of Time--Caused Consternation at City hall--Cruiser Goes to Tompkinsville Tomorrow.

New York, Sept. 26.—[Special].—Admiral Dewey has treated the nation to another surprise. With the flagship Olympia, he sailed into New York bay

ADMIRAL DEWEY.

at 7 o'clock this morning, nearly sixty hours ahead of time. The famous cruiser is now anchored in the lower bay far from the city, and it is expected that the admiral intends to keep out of touch with the shore until the time for the reception begins; otherwise he would have anchored off Tompkinsville, where Admiral Sampson's fleet is awaiting him.

Sighting the Olympia.

It was only eleven minutes after six when the sleepy marine observers at Sandy Hook saw the trim looking American man-of-war loom up in the mist off the light-ship, seven miles off shore.

They keep a tab on all the American war vessels, and knew that none were due at this port today. Meanwhile the ship drew nearer, and soon signals denoting the Olympia, were discerned.

By 7 o'clock the famous sea fighter was drawn closer to shore and a few minutes later crossed the bar.

A Fever of Excitement.

The vessel proceeded about a mile and a half up the bay, in Ide Hook and then anchored. The Olympia was sixteen days out from Gibraltar.

News that the admiral was at home caused consternation at the city hall.

Up to 9 o'clock none of the reception committeemen or city officials had arrived, but the clerks were in a fever of excitement.

EARLY COMING CHANGES PLANS

Myriad of Crafts Hurry to Point Where the Famous Vessel Lay

New York, Sept. 26.—[Special].—The unexpected arrival of Dewey this morning, will probably change the plans of the reception committee, who intended to give him a formal reception on Thursday evening, the date on which he was expected to arrive.

As soon as the news of the cruiser's arrival reached here, a myriad of crafts of all kinds hurried to the point where the famous vessel lay at anchor, and

kept the signal man busy dipping the ensign in answer to welcomes.

The orderly came ashore from the Olympia with dispatches, messages and officers.

He said they had a pleasant passage across the Atlantic; that all were well on board, and glad to get home. He also enquired for back files of the newspapers.

PLEASED TO SEE HIS NATIVE LAND

Admiral Dewey Watches the Signals of Greeting Extended Him.

New York, Sept. 25.—[Special].—The

signal guns of Fort Hancock on Sandy Hook gave Admiral Dewey the first official greeting salute of seventeen guns, to which the Olympia promptly replied.

The captains of vessels lucky enough to be in the lower harbor soon joined in the welcome.

The Olympia anchored near the southwest spit, only a short distance away from the cup challenger Shamrock and Sir Thomas Lipton's steam yacht, Erin.

The admiral was on the after-deck watching the signals of greeting extended to him. He was seen to give an order and soon the signal letter "O. S. J.," meaning thanks, was fluttering from the Olympia's masthead.

The admiral's face was plainly discernible with the aid of field glasses from Sandy Hook. He was smiling and often he turned his eyes shoreward as if pleased to see his native land.

Once he doffed his cap and waved it towards shore and the soldiers in the forts gave a yell. The Olympia's sailors, who manned the rails, responded with a ringing cheer.

Soon after the Olympia's boat put off with the orderly and he came ashore at the hook.

INFLUX OF VISITORS IS HEAVY

Late Arrivals Will Have a Hard Time Finding Quarters

New York, Sept. 26.—[Special].—The influx of visitors continues heavy and the hotels are crowded. It looks as if the late comers will have a hard time finding quarters.

Brooklyn, Jersey City and the surrounding towns will help care for the strangers.

Showery weather prevails today and the decorations present a draggled appearance. The northeast winds played havoc with the electric bulbs forming the words, "Welcome Dewey," on the Brooklyn bridge. Hundreds were smashed and are now being replaced.

To Greet Dewey Informally.

A meeting of the Dewey reception committee will be held late this evening, when it will be decided whether or not there shall be any change in the Dewey program.

From informal talks with the committeemen, the impression is gleaned that the committee will decide to go down and informally greet the admiral this evening.

To Tompkinsville Tomorrow

Washington, Sept. 26.—[Special].—The secretary of the navy received the following telegram from Admiral Dewey this morning: "The Olympia will go to Tompkinsville tomorrow. Dewey."

To Put Olympia in Ship Shape.

Washington, Sept. 26.—[Special].—Admiral Dewey will go to Tompkinsville to clean ship. The Olympia will be as thoroughly overhauled as the brief time will permit.

The machinery will be polished up, the decks scrubbed and everything put in ship shape for the great events later in the week.

ATTACK STRONG REBEL POSITION

Scene of Battle Is West of Cebu.

SNYDER DRIVES ENEMY FROM ENTRENCHMENTS.

Captures Seven Forts, Including Smooth Bore Cannons Mounted Therein and Fourteen Entrenched and Fortified Places—American Casualties Was One Killed and Four Wounded—Enemy's Loss Is Estimated At Forty—Loss of Urdaneta.

Washington, Sept. 27.—[Special].—The following Manila cablegram was received this morning: "On September 22nd and 23rd, Snyder attacked a strong, insurgent position, five miles west of Cebu, with 265 officers and men."

A Tennessee regiment and 510 officers and men of the Nineteenth, Sixth and Twenty-third infantry and Sixth artillery drove the enemy from the works, capturing seven forts, including smooth bore cannons mounted therein and fourteen entrenched and fortified places.

Our loss was Private William Hawley, of the Sixth infantry, killed, and four wounded. The enemy's loss is estimated at forty.

The insurgents retreated to new fortifications far southwest.

Snyder returns to Cebu with the Tennessee troops, who had disembarked from the transport Indiana to take part in the action.

Two companies of the Nineteenth hold an important position in the mountains.

Manila, Sept. 26.—Two Englishmen who say they were wrecked in an open boat last July and held as prisoners by the insurgents at Vigan, in the northwestern part of Luzon, entered the American lines Monday. Lieut. Gilmore and his men, according to these Englishmen, are still at Vigan, but will be released later on.

The Englishmen brought a message from Gen. Pantaleon Garcia to the effect that fourteen Americans who are held by the insurgents as prisoners at Talarac will be released next Wednesday, in accordance with a decree of the insurgent "congress." It was stated that other prisoners who are sick would be released as soon as their physical condition would justify such a course.

The insurgents also sent word that the cause of the delay in the release of the prisoners was because they could not furnish the American prisoners with suitable clothing.

The Englishmen also brought a message from Gregorica Gonzaga, the president of the Filipino commission which came through the lines some months ago for the purpose of holding a consultation with Gen. Otis regarding a settlement of the rebellion. Gonzaga sent word to Col. Smith of the Twelfth infantry, who is in command at Angeles, that he has made the most diligent inquiry all over the island of Luzon, but had been unable to find any trace of Capt. (now Major) Rockefeller of the Ninth infantry, who disappeared in a mysterious manner shortly after the arrival of his regiment at Manila.

The Englishmen say: "There are three other American prisoners, the sergeant of an unknown regiment, a corporal of the California regiment, and a negro who has offered to accept a commission in the insurgent army."

Five Japanese officers, according to the story told by the Englishmen, are assisting the insurgents at the north. The crops are plentiful and the army is enthusiastic, but the organization is poor and the discipline slack. It is believed that the rebels will retreat to the mountains when the Americans advance, as they fear the cavalry particularly. The railroad will have to be used carefully, as long stretches of track have been destroyed. A bridge at Bandan has been thrown down and the insurgents have strong defenses in front of it.

ARE IN THE HANDS OF THE REBELS.

Capture of the Crew of the Urdaneta Is Confirmed.

Manila, Sept. 26.—The insurgents have captured the United States gunboat Urdaneta in the Orani river, on the northwest side of Manila bay, where she was patrolling. One officer and nine of her crew are missing.

The United States gunboat Petrel, sent to investigate the matter, returned and reported that the Urdaneta is beached opposite the town of Orani, on the Orani river. She was riddled with bullets and burned, and the following guns, with their ammunition, were captured: A 1-pounder, one Colt automatic gun and one Nordenfledt 25-millimeter gun.

The crew of the Urdaneta are prisoners, or have been killed.

Washington, Sept. 26.—The gunboat Urdaneta, which was captured with her crew at Orani, about twenty-five miles from Manila on the bay of Manila, is a little craft of only forty tons displacement, not much larger than a small tug. She was captured by the navy early in the war and has been on police duty in the bay for months past.

The records of the navy department show that she was one of the boats of which the Oregon is the parent ship. That is, she was supposed to draw all of her supplies from the Oregon's crew, to be manned from the Oregon's crew, and to act under the instructions of the Oregon's commander. According to the last reports to the department, the little boat was last May under the command of Naval Cadet, Welborn C. Wood, but the personnel of the crew is not a matter of record, being subject to frequent changes. Wood was appointed to the naval academy from Oregon, had passed his academic course and was performing two years' sea service at the time of his capture.

Farmers Told to Hold Corn.

Topeka, Kan., Sept. 26.—Secretary Coburn of the state board of agriculture has issued a second appeal to the farmers of Kansas to hold their surplus corn. He says: "If grain speculators can make a profit on borrowed capital by holding Kansas corn piled up along the railroad tracks (too often bought below cost of production), the producers can make a better one by taking good care of all they are not compelled to let go of. The instances are few and far between where a grower has suffered loss by holding his unencumbered surplus from an unusual corn crop for at least twelve months."

Funds for Dewey's Home.

Washington, Sept. 26.—The Dewey home fund was increased Monday by \$7,695. This advance is in response to the recent statement of the national Dewey committee. Over 100 subscribers sent in their money by mail or wire from all parts of the country. While the committee is much encouraged by these liberal gifts, it is desired to add not less than \$25,000 to the amount received, which is now \$32,768.

Sutherland was elected, being the term of six years from the first Tuesday in May, 1897, do solemnly swear that I will support the constitution of the United States, and constitution of the state of Wisconsin, and that I will administer justice without respect to persons, and that I will faithfully and impartially discharge the duties of the office of judge of the superior court of Milwaukee county, according to the best of my ability, so help me God."

Judge Williams' first appearance on the bench will be Saturday, when he will hear motions. The trial of jury cases will begin Monday.

The funeral services over the remains of the late Mrs. Henrietta Kerr were held this afternoon at the home of her son, Harry Webb, No. 6 Pearl street. The body will be taken to Chicago tomorrow morning for interment.

Rosemond Davey.

Afghan Ameer Reported Dead.

London, Sept. 26.—The Times' Simla correspondent says there is a persistent rumor in circulation there that the ameer of Afghanistan is dead and that a war of succession has begun. The viceroy, Lord Curzon, and other members of the Indian government do not believe the report. The British diplomatic agent at Cabul, who is now in Simla, says that when he left the former place three weeks ago the ameer was unusually well.

Choynski Knocks Out Hall.

Louisville, Ky., Sept. 26.—Joe Choynski, of California, knocked out Jim Hall of Australia in the third round last night before the Nonpareil Athletic club in the presence of some 2,500 people. The fight was for the light heavyweight championship, limited to twenty rounds, and for a division of the box-office receipts. Hall weighed 168 and Choynski 160 pounds.

State of Siege in Ferrol.

San Sebastian, Spain, Sept. 26.—The dismissal of a number of employees at the government arsenal at Ferrol, for economical reasons, led to a general strike Monday and serious rioting followed. Many policemen and members of the civil guard, as well as a number of strikers, were wounded. A state of siege has been proclaimed.

Venezuela Rebels Reported Beaten.

Caracas, Venezuela, Sept. 26.—According to official reports the government troops have won a great victory near Coro. The revolutionary sympathizers say this is absurd, as the rebel forces under Gen. Cipriano Castro are massed at La Victoria, which is more than 150 miles distant from Coro.

Plague Attacks Europeans.

Bombay, Sept. 26.—The plague is spreading among the Europeans residing in the district of Poonah.

ENGLAND'S LAST NOTE DISCUSSED

An Important Matter In Read Today.

CHAMBERLAIN'S DISPATCH LESSENS HOPE FOR PEACE.

Leaders Say Transvaal Will Not Act Until Final Terms Are Received—Joubert's Influence Alone Is Restraining Boers From Beginning Hostilities—Armed Burgers Inform Him That He Must Take Initiative Step or Relinquish Command.

Pretoria, Sept. 26.—[Special].—England's last note to the Transvaal is being discussed in Read today.

The general impression is that Chamberlain's dispatch lessens the hope for peace, but the leaders say Transvaal will not act until the final terms are received.

Joubert Delays Hostilities.

London, Sept. 26.—[Special].—In the Times' second edition, a Pretoria dispatch says Gen. Joubert's influence alone is restraining the Boers from beginning hostilities.

A rumor is circulating that armed burghers informed Joubert that unless he is prepared to take the initiative step he must relinquish command.

Boers Armed by Transvaal.

Cape Town, Sept. 26.—[Special].—It is learned that the parties of armed men reported on the British side of the Natal border, are Boers who have been armed by Transvaal. The Cape government is distributing arms to the British residents in the interior towns.

Emperor William as Mediator.

Paris, Sept. 26.—[Special].—The Matin says that Emperor William will probably offer his services to arbitrate the Transvaal difficulties.

Pretoria, Sept. 26.—A British note delivered to the government Monday declares that nothing less than Secretary Chamberlain's last demand will be accepted. The rejection of these demands by the Transvaal government compels Great Britain to reconsider its entire position and make a new scheme for settlement. This will now be formulated in the cabinet.

In official circles here this note is regarded as a device to gain time in order that there may be a further concentration of British troops on the border. Members of the Volksraad consider it unavoidable that a new dispatch from Great Britain will make matters worse.

It is deemed probable here that the Volksraad will adjourn, and that Great Britain will be told that further concentration of troops on the Transvaal border will be regarded as an act of hostility.

When the note from Mr. Chamberlain was read in the Volksraad the announcement was made by President Kruger that a reply to the imperial dispatch would be submitted to the Volksraad at once.

If war should break out, Gen. Joubert counts on a force of 18,000 men from the Transvaal, 16,000 from Orange Free State, 8,000 from the Cape, 2,000 from Natal and about 1,000 volunteers of various foreign residents of South Africa.

War Spirit Is Rapidly Growing.

Pretoria, Sept. 26.—Dr. Edouard Engleburg cables to the New York Journal: In the Orange Free State, as well as in the Transvaal, the number of those who advocate an immediate declaration of war is rapidly increasing.

In Johannesburg the leading Irishmen have held a meeting and resolved to issue a manifesto inviting all the Irish in South Africa to join the Boers in case of war.

The Pretoria Swedes, Norwegians and Danes have also just held a meeting to express sympathy with the Boers and the local Jews have offered their personal and financial services to the Transvaal government.

German Demand Intervention.

Berlin, Sept. 26.—At a meeting of the Berlin Peace society, its president, Dr. Max Hirsch, a liberal deputy, caused to be adopted a resolution protesting against Great Britain's preparations for war in South Africa and demanding Germany's intervention to propose that the questions in the Transvaal be submitted for settlement by international arbitration.

The agrarian and nationalistic papers are demanding the publication by the German government of the agreement which it is believed exists between it and Great Britain in regard to South African affairs.

Advance of British Troops.

Pietermaritzburg, Natal, Sept. 26.—The troops that have been moved from Ladysmith to Dundee will form a new camp at Glencoe, their places being filled by others from India. The movement was executed so smartly and unexpectedly that the Boer spies were unaware of it until it was actually accomplished.

Cape Town, Sept. 26.—British troops have just been moved a score of miles nearer to the border of the Transvaal. This, of course, increases the possibility of a clash with the Boers.

PREACHED FAREWELL SERMON AT CLINTON

REV. W. P. LEEK'S LABORS
ENDED THERE SUNDAY.

Other Churches Omitted Evening Services Out of Courtesy to the Popular Methodist Divine—Kenosha Manufacturing Firm May Locate Elsewhere—Two Local Boys Enlist.

Clinton, Sept. 26—Sunday, September 24th, was a day of unusual interest to the Methodist people of this village. The Rev. W. P. Leek on that day finished his labors as pastor of the church here, a period covering five years, and preached his farewell sermon to a large audience in the evening. The other protestant churches of the place omitted their regular evening services, out of christian courtesy to the popular Methodist divine, in order that all might attend the closing services. Mr. Leek enjoys the distinction, we are told, of having occupied the pulpit for a longer time than any other man in the history of this church. Aside from his pastoral work, he has been prominently connected with the Epworth League and other organizations belonging to the church and which he has often represented in gatherings abroad as well as at home. He has also been largely identified with the financial prosperity of the church. During his stay here and largely through his instrumentality, the new parsonage was built and we feel safe in saying that no town of the size of Clinton can boast of a finer one. Mr. Leek has been greatly aided in his work here by his wife, who is a most suitable companion, an intelligent, cultured lady and a scholar. She frequently preaches herself and is quite at home in the pulpit. It is generally known that she has a private income of her own so that this worthy couple are not wholly dependent upon the salary of the church. They have but one child, a boy of eight or ten years. Mr. Leek is a native of Canada, having been born and brought up in the queen's domain. He began preaching when a mere boy and it is that he had no "calling" to the ministry, having been forced by circumstances into that work much to his distaste, and also that he never appears upon the platform without a feeling of nervous dread. However his audience never detect any embarrassment in his manner and despite his early dislike to the ecclesiastical profession he is an earnest christian and a sincere worker in the cause of Christ. Mr. and Mrs. Leek's many friends here will greatly regret their departure and they will be followed to their new home (wherever conference may see fit to send them) by the best wishes of the community.

Kenosha Firm May Not Come.
It is greatly feared that Clinton will lose the Kenosha Manufacturing firm, which was to have located here. It was supposed that all arrangements were satisfactorily made and the electric light plant leased by the company. The residents of the village had done their part in raising the necessary funds to secure their removal. At the last minute, seemingly, George Woodard refused to lease the building for more than a year as he wants to sell it. The company expected to have it for a term of five years and could not afford to make the change without a long time lease. There the matter rests. Mr. Rudd, the head of the firm, still says they are willing to come provided a building can be found. At present, no suitable place for the purpose needed, seems to be available. Some other town will probably step in and secure the plant. Two Clinton boys enlisted in the regular army last week and left Thursday morning for Camp Snelling near St. Paul. Their names are Charles Colby and Archie Northway. Colby is an only son of Mrs. M. A. Colby, a widow, who keeps a restaurant here. Northway has a father living here and is the young man who has figured in a few village larceny cases but against whom sufficient evidence has been wanting each time. Without doubt young Northway has more than once borne the sins of others in the matter of suspicion. Both boys are bright, energetic young fellows and will make good soldiers. At the annual meeting of the Rock County Sunday School association held in Beloit last week, L. L. Olds of this place, was honored by being chosen chairman on the executive committee.

An important one and the choice of Mr. Olds is a wise one as he has shown in his work here as superintendent of a Sunday school as well as managing his own personal business, careful planning and unusual executive ability. The sale of tickets on Thursday of last week to the Elkhorn fair, was a record breaker for Clinton. Agent L. H. Silsby stamped 435 for Clinton people and enough more for Sharon and Harvard excursionists to make over 600. The day was fine, and it being the fiftieth anniversary of the Elkhorn organization, a crowd, the like of which was never witnessed in Walworth county, flocked to the fair grounds. The evening services at the different churches will begin at 7 o'clock, instead of 7:30, on and after next Sunday. The

United Workers took in \$7.50 at the supper Friday evening, which was very good considering the weather. These present pronounced it one of the most enjoyable occasions held in the church for a long time.

Accident Worse Than Supposed

The many friends of Perry Hanson are further pained to learn of the serious extent of his injury. Later advices state that his leg was amputated above the knee, instead of below it. The accident nearly cost him his life, as he had to ride sixty miles before the operation was performed and the shock was so great that at one time it was thought he would not rally. His parents, who are with him now, will return with him as soon as he is able to stand the journey. Mr. and Mrs. C. L. Hartshorn have returned from their eastern trip. C. L. Sherwood was a visitor in town last week. He is looking and feeling well. Mrs. E. A. Cromwell has been visiting her old home in Janesville. Capt. George Hayes has been confined to the house lately, by poor health. Edith Latta is attending college at Beloit. She rooms with the Moore sisters. James Howarth has done some hard work in filling in and grading his lot at the corner of Church and Milwaukee streets. He will be rewarded later, however, by a fine lawn when the grass starts next spring. C. L. Tuttle has a livery and feed barn so commodious that his patrons ordinarily drive in and tie without unhitching. Last Thursday the order was changed, and three score or more buggies stood outside. He did a land-office business that day. It is reported that H. Robbins will sell out his store in Elkhorn and return to Clinton. William Smith now owns a home of his own, having recently purchased one of Arch Woodard's houses. He will move his family next week. F. Mix will occupy the one vacated by Mr. Smith. Mrs. Bennett has gone to Chicago with her crippled daughter, hoping to restore the child by a six months' treatment. During her absence, her eldest daughter, Eliza, will take charge of the store. Mrs. John Rouk, who was buried last week in Delavan, was formerly Miss Mary Brand of Clinton, and the mother of Mrs. Will Walker, wife of the tailor. She was fifty-six years of age. Mr. Bogardus and son Joseph, father and brother of Marshal Bogardus of this village, are on their way to southern Missouri, making the trip overland with team. The distance they will travel is seven hundred miles. A brother of J. F. Ramsey, with his wife, were here on a visit last week. They reside in Belvidere.

DEATH OF A FORMER AVON MAN

Frank Boss Passes Away at Leona, Ill., from Effect of Injuries.

Avon, Sept. 26—Died, at the home of his sister, Mrs. Eva Breed, at Leona, Ill., Frank Boss, at the age of twenty-three years, one month and fifteen days. He was well known in this village, having been born here August 4, 1876. September 2, he was kicked by a horse, and received injuries from which he never recovered. All that medical skill could do was done. He was apparently gaining, but on Monday evening, September 18, he passed away. He will be missed in the home, where he leaves beside his widowed mother, one brother, Everett, and three sisters, Mrs. Minnie Norris of this place; Mrs. Eva Breed of Leona; and Mrs. Marie Young of Michigan. He was affectionate and impulsive by nature, and quick to resent a real or fancied slight. He was equally quick to appreciate a kindness. It seems sad that one so young, so beloved, with such bright prospects, should be so suddenly cut down, just in the prime of life. The funeral was held Thursday afternoon at the Methodist church, conducted by Rev. Gage of Durand. The comforting song service was by Misses Lola Lane, Ella Van Slyke and Lorenzo Stokes. Miss Madge Stokes presided at the organ. The floral offerings were profuse and very beautiful, attesting the love of many friends. The pall bearers were Messrs. Willie Gardner, Ralph Parker, Will Ballou, Oscar Greene, Charles Gardner and Rufus Barr. The grave was lined with evergreens and the remains were tenderly laid to rest by the side of his father. Among those who were here from a distance were, Mrs. Carrie Bean, Beloit, Wis.; Mr. and Mrs. Frank Breed, Leona, Ill.; Rev. and Mrs. Young, Michigan; Mr. and Mrs. Norris, Miss Maud Norris, and Miss Carrie Harper of Durand.

SHOWS A REMARKABLE FACT

Out of Fourteen Fire Losses, Thirteen Caused by Lightning

The Spring Grove, Decatur and Albany Farm Fire Insurance company has issued an assessment card which shows a most remarkable fact, and that is, that out of fourteen losses since April 27th last, thirteen of them were occasioned by lightning. The losses were on houses, barns and stock, and the total amounted to less than \$1,200. Seven of the fourteen losses were on stock amounting twenty head.

After procuring them at the People's drug store and taking them I felt better, slept better, my back did not ache like it did, and I did not rise in the morning with a lame and sore back. sufficiently to permit playing. The
three leaders all won yesterday. Louis-
ville continued its burst of speed by
smothering St. Louis. The games:

Hope for Life Prisoner Hinshaw.
New Carlisle, Ind., Sept. 26.—Al-
though a private letter received here
from Union B. Hunt of Indianapolis,
secretary of state and one of the at-
torneys for Hinshaw, the Belleville
clergyman serving a life sentence in
the Michigan City prison, states that
no effort will be made at present to
secure the pardon of the prisoner, the
opinion prevailing that the attorneys for
the defense are hopeful. It is said that
they expect additional confessions to
be made or that evidence will be se-
cured in corroboration of the state-
ments alleged to have been made by
Convicts Blaney and Whitney in the
Jeffersonville prison that will warrant
the reopening of the case or the grant-
ing of a pardon.

Excursion Train Is Wrecked.
Maryville, Mo., Sept. 26.—An Omaha-
St. Louis train-load of excursionists,
returning from the Omaha exposition,
was wrecked on a bridge over the
Platte river here. No one was injured.
The track spread just before the train
passed upon the bridge and the rails
were torn up. The bridge partly gave
way and the engine and two coaches
toppled over and fell a short distance,
landing on some of the under timbers.
These proved strong enough to support
them, and the passengers, badly fright-
ened, climbed out of the windows and
doors and reached the ground unin-
jured. The bridge is twenty feet high
where the coaches struck.

Convention Will Not Be Held.
Springfield, Ill., Sept. 26.—The state
convention in the interest of good
roads, which was to have been held at
the state house today, has been de-
clared off. W. H. Moore of St. Louis,
national president of the Good Roads
association, is sick, and it will be im-
possible for him to attend. Mr. Harri-
son, the government expert on hard
roads, informed local members of the
association that it would be impossi-
ble for Secretary of Agriculture Wil-
son to attend the convention. Mr.
Harrison suggested that the conven-
tion be postponed.

Yagu's Fight as Guerrillas.
Austin, Texas, Sept. 26.—Judging
from reports reaching here from Ortiz,
state of Sonora, Mexico, the Yaqui In-
dian warfare is rapidly growing worse.
The Indians have scattered into small
bands, and with the Mexican soldiers,
have adopted guerrilla tactics. There
are frequent engagements between the
soldiers and the Indians. All the
Americans are leaving the country as
rapidly as possible.

Schooner Lost in the Gale.
St. John's, N. F., Sept. 26.—The loss
of another schooner is reported as the
result of the recent gale. She found-
ered with six men, bringing the total
loss of life up to fifty-three. Reports
from remote sections of the island con-
firm the fears as to an extensive de-
struction of shipping property.

Coal Mine Firemen Strike.
Springfield, Ill., Sept. 26.—Firemen
in all the coal mines in the Danville
district went out Monday for an in-
crease of wages. Though the firemen
are not members of the United Mine
Workers of America, they have tied up
all the mines in the district, throwing
2,000 union miners out of employment.

Capt. Sigbee's Daughter Dead.
New York, Sept. 26.—Capt. Sigbee
Monday hurriedly left his vessel, the
battleship Texas, which is at anchor
with the rest of the fleet in the bay,
and started for Rehoboth Beach, Del.,
having received a telegram from that
place announcing that his daughter
Ethel had died there suddenly of heart
disease.

Four Regiments Nearly Full.
Washington, Sept. 26.—The enlist-
ments on Saturday numbered 612,
making a total of 9,343 for the twelve
regiments. The five leading regiments
are: Thirty-eighth, 1,343; Thirty-
ninth, 1,323; Forty-fourth, 1,042; For-
ty-fifth, 1,032; Forty-sixth, 1,065.

Take Pay of Lake Engineers.
Cleveland, Ohio, Sept. 26.—As a re-
sult of a meeting of the executive com-
mittee of the Lake-Carriers' associa-
tion the wages of nearly 16,000 men
employed on the vessels of the great
lakes will be raised from 10 to 20 per
cent Oct. 1.

Troops Get Away for Manila.
San Francisco, Cal., Sept. 26.—The
Twenty-sixth Infantry, the fourth of
the first ten new regiments of volun-
teers, embarked Monday on the trans-
port Grant and went out with the high
tide on the long voyage to Manila.

Earthquakes and Floods in India.
Calcutta, Sept. 26.—Earthquakes,
floods and terrible landslides have oc-
curred at and near Darjeeling, in the
lower Himalaya. Great damage was

SEE THE "TWO MARRIED MEN"

New Farce Comedy at Myers Grand Sat-
urday Evening.

Manager Myers of the Myers Grand
will present to his patrons next Sat-
urday evening, Geo. R. Edeson's new
farce comedy, "Two Married Men." In
the cast will be found such well known
people as S. S. Simpson, Ray Southard,
Donald J. Clark, Jack Elliott, Joe Har-
kins, Alex. Henry, Walter Messenger,
Lila Linden, Kittie Ridgeway, Healy
Sisters, Anna Houck, Janet Cleveland,
May Towne, Edith Lysle and Hattie
Wescott.

MR. SIMPSON
IN
"TWO MARRIED MEN."

During the progress of the play num-
erous songs and specialties are introduc-
ed, which together with the many laugh-
able and ludicrous situations of the two
married men go to make up one of the
most enjoyable entertainments imagin-
able.

Another Good Attraction.

Charles Hoyt, the most prolific of
modern playwrights, has furnished the
music-loving public with many a clever
satire and entertaining picture of char-
acters in every day life, but in his latest
comedy success, "A Stranger in New
York," which comes to Janesville Sat-
urday, October 7th, for matinee and even-
ing performance, at Myers Grand opera
house, it is said that for downright fun
and clean-cut amusement, it is far ahead
of anything in its class. As a success
it has already eclipsed the famous re-
cord of his well known "A Trip to China-
town." The cast is announced the best
ever seen in a Hoyt farce. It is headed
by Paul T. Nicholson, Jr., and includes
all the best artists in the employ of
Messrs. Hoyt & McKee.

Descendant of Hathaways Dead.

todian of the cottage of Ann Hathaway
at Stratford-on-Avon, died to-day as
the result of an accident. She was a
descendant of the Hathaways.

Washington, Sept. 26.—Measures have
been initiated by Rear Admiral Brad-
ford, chief of the bureau of equipment,
to establish a strong naval station at
Pearl harbor, Hawaii.

OUR NEW RAILWAY LINE

Janesville will be a substantial gainer because of the building of the Chicago, Milwaukee & St. Paul line from Libertyville, Ill., as the new route will put Janesville on a "through line" as well as affording better facilities to passengers. bound in any direction over this railway. The fact that the changes are likely to be made without running additional lines through the city is also noteworthy, as railway crossings cannot but be dangerous, no matter how well they may be guarded.
Good railway service is one of the vital elements in the outbuilding of a city. Janesville has been liberal in her dealings with the railways, and the policy should continue in the future. The more railway lines the better, and no reasonable request that looks toward the improvement of either passenger or freight service to and from Janesville, should be refused.

The Patria, one of the leading news papers at Havana, says: "Cuba cannot be compared with our Latin-American states, in which anarchy accompanies self-government, because American intervention is a new factor in the matter. The protection which the American government gives, and the legitimate pains taken by them to give the island good government, are a guaranty of solidity and order."

An exchange says that an expert calculates that if a young man of 21 should start in to measure the corn crop which Kansas will produce this year, and if it were possible for him to measure a bushel every second—a big load each minute—working ten hours a day every working day in the year he would be 53 years old before he completed his task.

The crop of "correspondents who stood beside Admiral Dewey on the bridge of the Olympia when she steamed into Manila bay," continues to increase. Enough of them have already been found to make a very imposing looking column in the Dewey day parade, and they should be given a prominent position.

And any other railway companies that may be looking for a good town to run through are hereby reminded of the fact that Janesville is one of the best towns for this purpose in the United States.

A Madison ice-man named Fresh was held up the other day. The robber must have had his dates mixed. This is the season to hold up the coal dealers.

Strange, isn't it, that about the time that Edward Atkinson got his press bureau to running nicely, the price of print paper was advanced?

Ripon's common council has let the contract to have three main streets paved with vitrified brick, at an expense of \$20,536.

Admiral Dewey probably approaches New York with more misgivings than he felt when he sailed into Manila bay.

The English people, it appears, are determined to "egg on" a war—even if they have to throw the eggs.

The Filipinos are using Krupp guns. Uncle Sam ought to ask Herr Krupp about this.

Magnetic Healing

All Diseases Yield to the Magnetic Powers of Prof. Dennis—Testimonial from Home:

This is to certify that Mrs. E. F. Fulkner suffered a severe paralytic shock on June 17, 1899. Consulted two of the leading physicians of Janesville, one of whom prescribed for me at the same time, giving me no hope of permanent benefit, saying that with perfect rest and quiet I might get better. After three weeks' treatment with no result, I was very steadily, my attention was called to the wonderful magnetic position of Prof. Dennis, who, after the first treatment, inspired me with such faith that I gave up all medicine and continued his treatment and on the 20th of August, 1899, as well as ever in my life. After the paralysis had been overcome, a stomach trouble developed, which was very severe, vomiting at one time a pint of blood, which left me in a very weak nervous condition, but which readily yielded to his treatment, and today I should very likely have been helpless only for making this terrible disease in time and in the right way.

ARRESTED ON THE CHARGE OF MURDER

HERMAN SCHULTZ OF ASHLAND TO APPEAR IN COURT.

Said To Have Caused the Death of John Green—Madison Doctor Arrested On a New Charge—Marshfield Boy's Terrible Experience—Merrill Man Burned to Death.

Ashland, Wis., Sept. 26.—Sheriff Smith arrived yesterday from Madison with Herman Schultz, whom he arrested on the charge of murder. John Green was found dead in the east end of the city a year ago, but no trace could be found of his assailant. Edward Green, brother of the dead man, arrived here last June to look up the case. From facts he secured he was convinced that his brother's death was caused by Herman Schultz and he swore out a warrant charging Schultz with manslaughter.

It was stated at the time that Schultz had assaulted him, but the coroner's jury brought in a verdict that Green died from intoxication and exposure. An investigation by officers the last few days has developed some startling information that incriminates Schultz. The warrant was sworn out several weeks ago. At that time Schultz was in prison at Madison.

Sheriff Smith kept the warrant until Schultz's term at Madison expired, when he went there and made the arrest. His preliminary examination will take place next Saturday.

Arrest Doctor on New Charge.
Madison, Wis., Sept. 26.—"Dr." E. L. Rivenburgh, the specialist on "stammering," whom Dr. Ludlow, secretary of the state medical board, recently had arrested for practicing medicine without a license, got into trouble again yesterday. He came back to Madison to defend his case, which he understood was coming up in the circuit court, but found his attorney had had it continued to the January term. Shortly after his arrival, Deputy United States Marshal Meehar arrested him on the charge of evading the revenue laws by selling medicine without putting on the war tax stamps. He was arraigned before Court Commissioner McCue yesterday afternoon, pleaded not guilty and was released on \$200 bail, his hearing being set for October 5.

Caused Pastor to Resign.
Stevens Point, Wis., Sept. 26.—The Rev. C. N. Paterson, who came here two years ago to take charge of the First Baptist church, presented his resignation Sunday morning to take effect November 1. He assigned as his reason the inevitable breaking up of his congregation by the proposed changes in plans of the Wisconsin Central railroad. His people are largely trainmen who will move away.

Scarlet Fever Epidemic.
Oshkosh, Wis., Sept. 26.—Scarlet fever is epidemic. The Dale school, the largest in the city, has been ordered closed until further notice by the board of education. There is much illness among school teaching as well. Prof. Dick Spoor of the Dale school, and Prof. Gibbon of the Eleventh Street Grammar school, being on the sick list, the condition of the latter being critical.

Boy's Terrible Experience.
Marshfield, Wis., Sept. 26.—Leonard Johnson, 15 years old, last Friday evening lost his way in dense woods which he entered to shorten the distance home. For nearly two days and two nights he wandered aimlessly and frantically through the forest. Searching parties located him Sunday. He is temporarily deranged by his terrible experience.

Maguire Is Acquitted.
Eau Claire, Wis., Sept. 26.—John Maguire, who had the sword duel with Photographer Thompson, was tried by a jury for assault and battery in the municipal court yesterday afternoon. Maguire was acquitted, the jury being out half an hour. He caused a sensation by declaring that the young woman in the case was not his wife, while she testified she married him in La Crosse years ago. This was not in issue, and was not decided.

Man Burned to Death.
Merrill, Wis., Sept. 26.—John Walters, who had made this city his home for several years, was burned to death last night at the Wisconsin house, where he was staying. He was ill and got up in the night. Lighting a lamp he proceeded to a shed, where he fell, the lamp setting fire to his clothing and causing death.

A LARGE EXPENSE ATTACHED

Much Money Needed for Coming Christian Endeavor Convention.

The question has been asked those who are canvassing for funds for the coming Christian Endeavor convention, "What is the need for all this money?" Of course there will be a thousand and one small items of expense which cannot be enumerated, but there are some larger ones which can, for instance, printing and posting two lots of five hundred each of circulars, sent to all parts of the state; printing one thousand souvenir programs; furnishing one thousand badges; material for the decorating the different places of meeting; buying music for the large chorus; also the expense attending the public reception to be given the delegates at the Y. M. C. A. building.

A number of our merchants are planning special displays of their goods during the convention, and it is probable that the visitors will go away with the impression that Janesville stores are fully abreast of the times.

For the Fall Festival at Chicago the C. M. & St. P. Ry. will sell excursion tickets October 2 to 12 inclusive, good to return October 14 at \$3.85 for the round trip.

MENU FOR WEDNESDAY.

Shame is not in the loss of other men's wealth; it is in the loss of our own.—Aeschylus.

BREAKFAST.
Milk, Eggs, Bacon, Potatoes, Coffee.

LUNCHEON.
Omelet with Tomatoes, Sandwiches, Bacon, Salad, Fruit, Cake.

DINNER.
Clam Broth, Roast Beef, Cauliflower, Cream Sauce, Charlotte Russe.

VEGETABLES.—Scald, blanch, dry and pour over four ounces of sweet almonds, rub through a sieve and mix with cream of sifted flour. Beat six whites of eggs to a froth, add the almonds and flour, mix well and put in a downy little paste lined tart molds and bake in a moderately heated oven. Sprinkle the top with powdered sugar.

QUINCES.—Open a can of quinces and heat the fruit at once in it. Drain the pieces and arrange on a scale of rice. Cover with sliced fruit or fresh small fruits of the season and make a border of little rice croquettes. Reduce the liquor with a glass of Madeira and any marmalade to a thick sirup and pour this over.

MILWAUKEE WINS "LAST OF SEASON"

JANESVILLE SHOULD HAVE HAD YESTERDAY'S GAME.

Brewers Carry Off the Honors By a Score of 5 to 4—Locals Had the Bat: tie Cinched Up to the Last Inning; When Visitors Scored on a Passed Ball.

The base ball season in Janesville has ended, and the fair sized crowd that went down to Athletic park yesterday afternoon and shivered through the nine innings between the Y. M. C. A. and the Milwaukee league team, saw the locals win the game, and then lose it on a passed ball in the last inning. The Janesville team played excellent ball, and should have won, but were unfortunate. They batted and fielded well and had the Brewers on the go all the time. Adkins was at his best and clearly outclassed his opponent, Rettger, striking nine men out to the latter's two, and but five hits were made off from him, while sixteen were made from the delivery of the Milwaukee twirler. The errors by the locals were few and take it all together the game was a very satisfactory one if the Y. M. C. A. didn't win. We can't be winners all the time but we can come very near to it as the following score well shows:

HUSTLING FOR THE NATIONAL

Sample of the Post That Failed the Boston Publication in Front Rank.

"It may not be dignified to heads," said a representative of The National Magazine, "but it gets results and that's what counts."

There is no doubt about it, it does count. That fact is illustrated here in Janesville. A week ago The National was a comparative stranger in this place.

Today as a result of the hustle of Western Manager Fox everybody has at least heard of the publication and not a few have become subscribers.

The place has literally been plastered over with advertising matter, a card with "Have You Seen It?" confronting one at every turn. There was not space enough on the bill boards, boxes, barrels and in show windows, so the query was nailed to the pavements.

Janesville is a reading town—one of the best, if not the best in the state, and it is fair to assume that the number of subscribers to The National here will be greater than in any of the five cities previously written up in the Boston magazine.

October copies will begin to arrive this week.

RESTRAINED BY INJUNCTION

Replevin Case in Municipal Court Ends Abruptly.

The replevin case of Edward Daley against P. H. Fitzgibbon in the municipal court today, did not get enough of a start to make it interesting. A jury was drawn consisting of A. F. Hall, George Palmer, Charles B. Conrad, C. H. Thompson, James Scott and C. T. Winslow, after which a recess was taken until 10 o'clock.

At this time the lawyers for the defense appeared with an injunction from the circuit court, restraining further proceedings in the action. J. J. Cunningham, attorney for the plaintiff, was then sworn to answer touching the necessity of an adjournment. Judge Fifield ordered the case until November 13 at 9 o'clock a. m., and the jury was excused until that time. J. L. Mahoney appeared for the defendant, and J. J. Cunningham for the plaintiff.

HIGH PRICE OF IRON CAUSES ADVANCE

ANOTHER CHANGE IN QUOTA TION ON PLOWS.

Janesville and Beloit Concerns Represented At the Chicago Meeting of the Northwestern Implement Association—Material Has More Than Doubled in Cost—Meet October 30.

The Janesville Machine Co., and the Thompson Plow company of Beloit, were represented at a special meeting of the Northwestern Plow and Implement association held yesterday in the green-room of the Auditorium annex, Chicago. The condition of the steel market was discussed and it was decided to make another advance of about 25 per cent. above the schedule of the last meeting in July.

Since the beginning of the year raw material has steadily advanced until the quotations of today are over 200 per cent. above the scheduled prices on which the contracts of 1899 were based. The manufacturers are steadily advancing the cost of the finished product to meet these demands. All contracts made by them during the next month will be based on this new advance.

It was found during the discussion that iron and steel have advanced within the last ten days considerably and the association decided to adjourn until Oct. 31, when another meeting will be held for the purpose of making a further advance, and all contracts let after Nov. 1 will be under the new schedule. J. Harley Bradley of Chicago, acted as chairman of the meeting.

TO GREET ADMIRAL DEWEY.

Elaborate Preparations Have Been Made at New York.

ABLAZE WITH DECORATIONS.

The City from End to End Is Draped with the Red, White and Blue—One Million Guests Have Already Arrived to Greet the Nation's Hero.

New York, Sept. 26.—The program for the three days' celebration in honor of Admiral Dewey is now complete and is announced as follows:

Thursday, Sept. 28.—Arrival of the Olympia, salute by the assembled warships, greeting to Admiral Dewey by Rear Admiral Sampson and his officers and formal official welcome by Mayor Van Wyck and members of the committee, with the fireworks display in the evening.

Friday, Sept. 29.—Parade of warships, with the Olympia at the head, up North river to Grant's tomb, where a salute will be fired. Admiral Dewey will be taken ashore at 9 p. m. and spend the night at the University club or the Waldorf-Astoria.

Saturday, Sept. 30.—Admiral Dewey will be driven to the City Hall park, where a loving cup will be presented on behalf of the city. After luncheon the land parade is to form and proceed over the route arranged. A smoker at the Waldorf-Astoria to the Olympia's sailors will close the day.

New York, Sept. 26.—Two days distant out on the Atlantic a battered gray warship is steering for this shore with a bone in her teeth. Two days distant an old admiral, gaunt and grizzled and warworn, is coming home to his first surrender. In this surrender there is to be no wretchedness of prison bars or fever, no starvation or tears and no hardship worse than that of listening to the cheers of a great nation, as expressed by a delegation of 5,000,000 of its people. In short, the present week will be marked in the book of history as the occasion on which the hero of Manila capitulated to his countrymen—a week to be filled with memories of a million flags, the snarl of drums, the roar of cannon and the rumble of marching hosts.

Greater New York is rapidly giving up every other consideration save that of Admiral Dewey. From center to circumference the city is bright with flags. The principal thoroughfares are league-long flames lit by myriads of patriotic hands. Fifth avenue, the modern Appian way, along which there pours the city's tide of wealth, flashes with color from end to end.

With a patriotism not less true or hearts less loyal the people of the tenements flutter their bunting, faded and bedraggled though it be, but signifying everything in the way of genuine enthusiasm.

Altogether the present week will witness a demonstration of national esteem such as this country never saw before. Six times within the memory of living man this city has been draped in honor of its heroes. These six occasions have been occasions of national mourning: Adams, Monroe, Clay, Lincoln, Garfield and Grant form this galaxy of great dead. On that sad spring day fourteen years ago, when the cortege of the hero of Appomattox rolled up Broadway at the head of his old regiments, the great thoroughfare was black—deeply and funnally black—like the bed of a Styx gone dry. Here and there were flashes of color, here and there a blending of flags and emblems, but the general tone was that of a deep and unutterable woe. How different is this magnificent reception to be tendered to a living hero.

In all the ocean of bunting between the Battery and the Bronx there is no hint of sadness. The mothers and sisters and sweethearts and wives of the dead men in Cuba and Luzon are among those who will cheer the returning hero.

One million visitors are already here, and every incoming train on every road is crowded with passengers. It is expected that on parade day 2,000,000 spectators will be gathered along the line of march. It will be the largest crowd ever gathered together in the history of the country.

Gen. Howard has announced that the following organizations of veterans will be in his division: The Duryea zouaves, the One Hundred and Sixty-fifth New York regiment, the Eleventh regiment, Veteran association, the "Old Fighting Fifth" New York heavy artillery, the First regiment of mounted veterans and 250 members of the New York Sons of Veterans.

The reception committee has established the final order of precedence. Admiral Schley will be in a carriage back with the visitors. Admiral Sampson will come well up to the head of the naval officers' section, a great distance ahead of Schley, who is to be preceded by the naval officers, Gen. Miles, Gen. Merritt and others.

Says Vaccination Carried Plagues.

Berlin, Sept. 26.—D. Boucher in the congress being held here against compulsory vaccination declared that vaccination had caused the spread of the plague in India and in other countries.

Says Dreyfus' Health Is Improving.

Paris, Sept. 26.—The Petit Bleu denies the reports in circulation regarding the health of Dreyfus, which, the paper says, despite rumors to the contrary, is improving.

FOR ANTI-TRUST CONVENTION

President Lockwood Calls on Opponents of Monopolies to Unite.

Zelenople, Pa., Sept. 26.—President M. L. Lockwood of the American Anti-Trust league has issued a call to the friends of the anti-trust movement to organize local leagues and send to him names from which to select vice presidents to represent their states in a proposed national convention. In his circular Mr. Lockwood says:

"The anti-trust league is nonpartisan. We call all American freemen to council; if a democrat or a populist or a republican public man has shown himself to be a subservient tool of this great corporate power, then all the united power of all the men of the American Anti-Trust league will be used to crush him and drive him from public life. We will adopt the tactics of our enemy until we have created a legislative, judicial and executive power in sympathy with the public welfare. And we call upon every American citizen who loves his country and the great principles of popular government better than he does his party to join us in the work of re-establishing the equal rights and equal opportunities of American citizenship."

CURRENCY REFORM IN DOUBT.

Senate's Bill Strong for Gold Standard—Action May Be Delayed.

Washington, Sept. 26.—A member of the senate finance committee says that the senate currency reform bill will be as strong for the gold standard as that prepared by the house committee. The senate committee will meet here in advance of congress, probably as early as the middle of next month, for the purpose of trying to reach an agreement with the house committee on some minor matters in the two bills which now conflict.

The fate of currency reform is still in doubt. With both committees reporting for a single gold standard, the silver men in both parties can be expected to unite in opposition. In the house the republicans will have a majority of thirteen upon convening, which will be increased through contested cases to twenty or twenty-five. Some of the republican representatives from the west are expected, however, to kick over the party traces and decline to accept a single gold standard. Another feature which seems to favor postponement of action is the approaching presidential election.

Troubled by American Policy.

Washington, Sept. 26.—Much anxiety is being displayed in diplomatic circles over what is termed the illiberal policy pursued by the United States in its treatment of foreigners in the Philippines. Although it has been specifically stated by the secretary of war that the statutes of the United States cannot be applied to the Philippines without action by congress, it is nevertheless a fact that the immigration laws of this country have been extended to the archipelago, as shown by the action of Gen. Otis in excluding Chinese laborers. There is information that the rigorous immigration regulations in force here are enforced in Manila and have caused some unofficial inquiries to be put on foot by foreign governments. The customs tariff enforced in the Philippines also has been a source of considerable discussion in diplomatic circles.

Soldiers to Leave Cuba.

Washington, Sept. 26.—The adjutant general received the following from Gen. Brooke this morning:

"First battalion, Second artillery, batteries B, C, D and E, depot battalion, will be ready to return to states on arrival of transport. Where shall the four battalions embark for? There are twenty-one general prisoners here who should go with this battalion to serve out their sentences in the states. Where shall they be sent?"

Revolution in Argentina.

Buenos Ayres, Sept. 26.—A revolution broke out at Catamarca against the local government of that province. The authorities re-established order after a fight, during which seven were killed and twelve wounded.

The senate has approved the conversion scheme proposed by the government.
